

POSITION: Nurse

STATUS: Permanent
Full-time/Part-time/Occasional
Day/night/evening

PLACE: To be determined

JOB DESCRIPTION

The nurse assumes the responsibility of the nursing care in accordance with the rules and regulations of the law and collaborates with the administration in the therapeutic, preventive, diagnostic and research health care program. He/she evaluates the patients in order to identify the appropriate care necessary, and collaborates with the other members of the health care team in the planning, implanting, coordinating and evaluating the care given. The nurse administers the medication and treatments prescribed by the doctor, or as dictated by the policies and protocol in place. He/she watches, evaluates, takes all measures into consideration, takes note of and records all symptoms and changes concerning the condition of the patients. The nurse informs and counsels the patients and their families concerning certain aspects of the patient's health.. He/she supervises, when necessary, the auxiliary nurse and nursing orderly.

QUALIFICATIONS REQUIRED
